

OUR MISSION

Empowering Vulnerable Young People: The Mission of Kol Bonaich

At Kol Bonaich, we are dedicated to supporting the most disadvantaged children and young people, particularly those classified as Not in Education, Employment, or Training (NEET). These individuals often face significant challenges, including behavioural issues and social exclusion, which can lead to feelings of isolation and disconnection from their communities.

The Need for Our Service

There is a pressing need to address the complex issues faced by NEET young people. Many struggle with low self-esteem, lack of opportunities, and limited access to resources that could help them overcome their challenges. As a result, they are often perceived as outcasts, further exacerbating their marginalisation.

What We Do

Kol Bonaich offers a comprehensive range of services designed to empower these young individuals. Our community centre provides:

- Nutritious Meals and Companionship: A warm and welcoming environment where young people can receive free food and social support on a weekly basis.
- *Education and Skills Development: IT and employment workshops, job guidance, and skills training to enhance employability.*
- *Personal Support: One-to-one mentoring, coaching, and telephone support during crises.*
- *Enriching Activities: Trips, holiday programs, and other activities to foster personal growth and engagement.*
- *Practical Assistance: Advice on housing and benefits to help navigate everyday challenges.*

Our Impact

By bridging the gap between NEET young people and their communities, we aim to transform their lives. Our goal is to empower them to become positive contributors to society, proud of who they are, and equipped to fulfil their potential. Through early intervention and holistic support, we help address issues at the earliest possible stage, ensuring these young individuals can overcome their challenges and thrive.

Join Us in Making a Difference

Your support is crucial in helping us continue this vital work. Together, we can provide the necessary resources and opportunities for these young people to turn their lives around and become valued members of our community. Donate today and help us empower the next generation of leaders and contributors.
